**air quality | environment | sustainability**

# Our Services

**Air Quality**

Northstar specialises in all aspects of air quality, dust and odour management, covering monitoring, modelling and assessment, due diligence and process specification, licencing and regulatory advice, peer review and expert witness.

**Environment**

Our team has extensive experience in environmental management, covering auditing and independent expert review, environmental management plans, data and spatial analysis.

**Sustainability**

We look beyond compliance to add value and identify opportunities. Our services range from sustainability strategies, ecologically sustainable development reporting and assessment, to bespoke greenhouse gas and energy inventories.
